Profile	Highly passionate programmer that loves software front to back. Very quick and hungry learner. Team motivator that will pull the team back if we ever get stuck.
Education	Massey University, Albany/Remote, Auckland – Bachelors of Information Science, 2020
Skills	Web Development - (ASP.NET/MVC/C#) (Docker/PHP/MVC) I have done two papers in Web Development at University, we were tasked with creating a online store using C# and creating an inventory management system using PHP. Both had complete backend using a SQL database where frontend was a combination of C#/PHP JavaScript HTML and CSS.
	App Development - (Android Java App Development) I have created multiple apps in both a mobile app development course and in my programming project for university. In my free time I am polishing the UI of these apps before release.
	Object Orientated Programming - (Java, C++, PHP, JS, Python) I have worked in multiple group projects of varying scale and have gone in depth into object orientated programming as we looked to make our code maintainable, upgradable, and easy for other programmers to pick up where you left off.
	3IC Manager/Sales Coach, Noel Leeming; Warkworth, Auckland – 2020 - Present Successfully leading the team towards a high performance work culture. Hitting targets that were thought to be not possible and driving the team to seek improvement.
Experience	Sales Consultant, Noel Leeming; Warkworth, Auckland – 2017 - 2019 Designing full customer solutions, building rapport, inwards and outwards goods, and hitting targets was my main role as a sales consultant.
	Customer Service, Subway; Warkworth, Auckland – 2016 - 2017 Working independently to create a world class customer experience in a small Subway Restaurant in a real town.
